

# Quality, Environmental, Health and Safety Policy

Revised 12/31/2024

Comstock Metals is committed to the responsible processing and recycling of solar panels in a manner protecting the environment, worker health and safety, our clients, and our community.

- Comstock Metals is committed to continual improvement and customer satisfaction.
- Comstock Metals is committed to the prevention of pollution and prevention of injury and negative impacts to health.
- Comstock Metals is committed to complying with all applicable legal and other stakeholder requirements relative to the quality, environmental, health, and safety aspects of our business.
- Comstock Metals is committed to providing a framework for setting and reviewing quality, environmental, health, and safety goals.
- Comstock Metals is committed to recycling end-of-life solar panels adhering to the disposal hierarchy including onsite and downstream materials management throughout the recycling chain.
- Comstock Metals is committed to managing Focus Materials throughout the recycling chain to final disposition with due diligence to protect our environment.
- Comstock Metals is committed to continuous improvement achieved through monitoring of goals and rigorous evaluation of our management system.
- Comstock Metals is committed to communicating and reinforcing this policy throughout our company, to all people working for or on behalf of the organization as well as, to our customers, our suppliers and to the public.
